Call To  
Make

The world is a very big place and there are endless ways in which we can make our planet and our communities more sustainable. What actions could students take to create a better place to live, to learn and to prosper?

**What if everyone understood  
the local and global effects of  
climate change ?**

# WHAT ARE THE SUSTAINABLE DEVELOPMENT GOALS?

In 2015, Canada and 192 other Member States of the United Nations, businesses and civil society adopted the 2030 Agenda for Sustainable Development: a global framework of 17 Sustainable Development Goals (SDGs), with 169 targets to build a better world for people everywhere and the planet.

**WHAT ISSUES  
ARE  
IMPORTANT  
TO YOU AND  
WHY?**

**WHAT IMAGES,  
VIDEOS, AUDIO  
AND TEXT DO YOU  
THINK WILL MAKE  
THE MOST IMPACT?**

**WHO IS  
YOUR  
AUDIENCE?**

Write a message to help  
people understand climate  
change.

We don't expect you to solve all of the world's problems with just one project so research and choose something you care about.

## How will you use innovative ways to share your message?

Create a light up shirt, code a speaking robot, make your plants talk... what will you make?

Make a sign to put in your school or community.  
Share your message on social media.  
Write a letter to different members of your community.

movements influenced policy
