

b.Brilliant

Welcome to b.Brilliant

Join Alex as she and her fellow makers explore the world by creating with new technology, interviews with experts to help solve problems, and uncovering the mysteries of “BB”, a mischievous lab A.I. that seemingly likes to help, but also likes to cause some problems for b.Brilliant’s teacher: Mr.Lingley.

b.Brilliant, Ep.6: Activity 2 Urban Planning

In this activity, we explore the different types of urban planners. Why they are important and how they have helped our communities grow different types of urban planners. Why they are important and how they have helped our communities grow Urban planning is known by many other names like regional planning, town planning, city planning, or rural planning Elise, b.Brilliant Maker, explores what this all means

Real world applications

Urban planners create communities for us that are safer, beautiful and efficient. They discover, the best ways, to build city buildings, gardens, streets, design how rooms and more. Urban planners figure out how people will live, work or enjoy the space. Many different fields play a part in urban planning like, civil engineering, architecture, politics, human eography, history, psychology. The possibilities are endless.

What can I do?

Be your own urban planner! Think of ways to make your home, school and community even better.
